# Workshop 3: Our Choices

**Victor Antonio**

I am 13 and from El Salvador. I have been forced to leave my home and take shelter in my school for the last 2 weeks. After heavy rains, the river burst its banks and swept away our houses, animals and crops. We do not know how long we will have to stay here. 35 people were killed in the flooding including a classmate. There are over 400 children living here in this makeshift shelter and some of them are quite traumatised.
